

US

INTERMADE is a passionate company that provides advice and expertise around topics like SharePoint & Office 365. We are specialized the field of people and processes and how to align them to get the best possible experience out of them.

As knowing what you do and communication are of high importance we embrace Business Intelligence and Unified Communication solutions as well. We love what we do, how about you?

## Who are we looking for?

We are looking for a guy or a girl to join our team as an all-round SharePoint developer.

In this role, we need you to solve the client's needs by developing solutions and add-ins for SharePoint, Office and Azure to build a perfect digital work area.

It will include designing, advising and of course coding! Like web services, workflows, page layouts, display templates, JS-Link, web parts and lots more.

## Skills to bring

### // Skills we'd like you to have:

- Architecture, SharePoint, Office 365 platform, On-premise, hybrid and Azure Cloud.
- OM, CSOM, JSOM, Angular JS, JavaScript, CSS, bootstrap.
- .Net, C#, WCF, XML, Framework 3.5 & 4.0
- Testing and debugging.
- Entity Framework, OAuth, OData
- Web Services, REST, App model
- Identity Access Management
- PowerShell
- Timeboxing, road mapping

### // Mandatory experience

- Proven track record of delivering successful solutions to small, medium and enterprise wide solutions.
- Experience working directly with internal and external client stake holders to document business challenges, develop and implement business challenges and measuring results.
- High level and tech in-depth explanatory methods.
- Excellent written and verbal skills.

### // Mandatory technical experience

- Experience with JavaScript, JSOM, CSS & HTML
- Experience with Microsoft .NET frameworks

### // Desired Qualifications

- Knowledge of SharePoint Administration
- Knowledge of Office 365
- Experience with Microsoft SQL Server and other related technologies

## We will offer

- A competitive salary aligned to your knowledge and experience.
- A fulfilling job in a dynamic and respectful company having a human first approach.
